 **CRESCENT**
WISS[®]

**Auto-Retracting
Safety Utility Knife**

Trusted by the Trades.

Safety Comes Standard.

Unlike standard “self-retracting” utility knives, the WISS® Auto-Retracting Safety Utility Knife retracts the blade automatically the moment it loses contact with the material being cut. The blade automatically retracts even if the user is still holding the blade slider forward in the ‘open’ position.

Accepts all standard size blades

Quick Blade Change

Blade retracts automatically the moment it loses contact with the material being cut

Solid die-cast zinc body

Dual material comfort grip

Comes with two spare black oxide blades

Easy access blade storage

Integrated lanyard ring
