HVAC TOOLS

Innovation That Delivers on Every Bend, Every Cut, Every Time.

HVAC pros work in tight spaces, tough angles, and unpredictable conditions. Their tools need to keep up. The new HVAC line is built around the way tradespeople actually work — with improved ergonomics, lighter weight designs, and smarter features that reduce fatigue and increase accuracy. Whether it's a precise bend, a clean cut, or a reliable crimp, these tools deliver results you can count on, job after job.

3" Straight Hand Seamer with Integrated Folding Tool

HVAC Specialty Grips

Ergonomically designed specifically for the different use cases when working sheet metal

Integrated Folding Tool

For making tight bends equivalent to a folding tool*.

*Patent Pending

CTH3SFT

ULTIMATE COMFORT GRIP

3/8" FOLDING TOOL

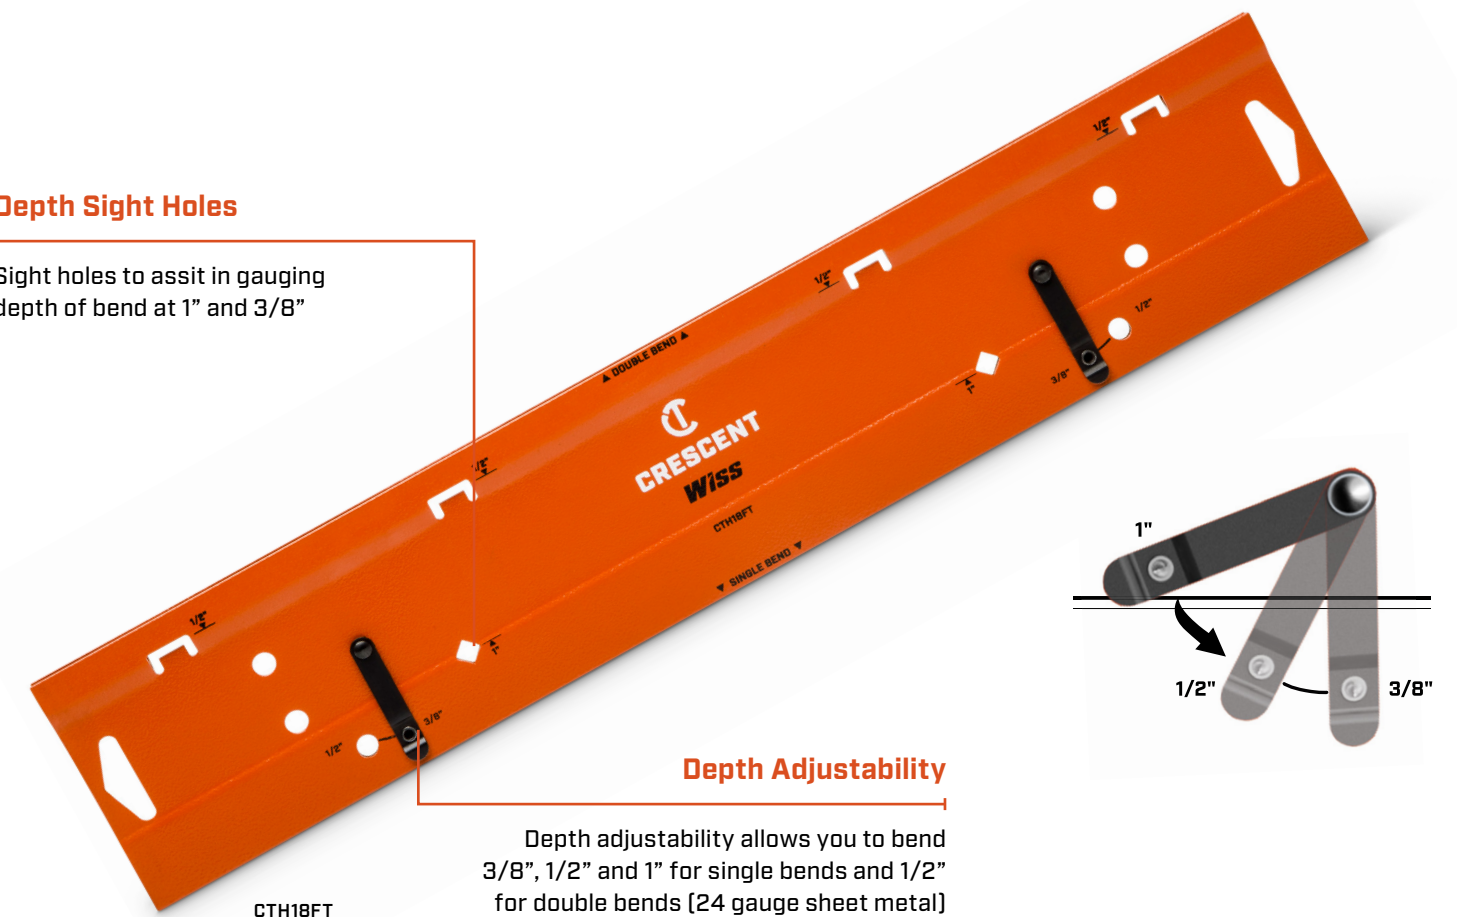

Precision Folding for Cleaner Bends, Better Fits, Every Time.

The Crescent Wiss Folding Tool is built to deliver fast, consistent sheet metal bends with confidence. Dual folding depths provide the versatility to tackle a wide range of HVAC applications, while heavy-duty 16-gauge steel construction maintains channel accuracy for precise, uniform folds that hold.

18" Folding Tool

Depth Sight Holes

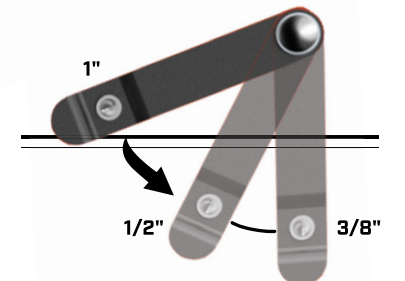

Sight holes to assist in gauging depth of bend at 1" and 3/8"

CTH18FT

Depth Adjustability

Depth adjustability allows you to bend 3/8", 1/2" and 1" for single bends and 1/2" for double bends (24 gauge sheet metal)
