

**CRESCENT
NICHOLSON**

Dual Sided File

Rough fitting and fine finishing capabilities are combined in a single file to help get jobs done faster.

Fit and Finish in a Single Tool.

The Crescent Nicholson brand 2-in-1 files help reduce tool count and time needed to shape and smooth out work pieces. With the bastard cut on one side for quick material removal, and the smooth cut on the other side for finishing, these files are the ultimate solution for shaping. These files are engineered with the same Crescent Nicholson technology that boasts best-in-class longevity and consistency known worldwide.
