

CRESCENT

Locking Pliers

Crescent Locking Pliers are made to an exacting standard resulting in outstanding durability and long-term performance.

Designed for Greater Comfort and Improved Performance

Crescent's locking pliers are made to an exacting standards that result in improved durability and long-term performance. They meet stringent ASME B107.24 and B107.36 standards, as applicable, including standards for strength and maximum jaw capacity. All Crescent locking pliers have a cushion grip trigger release for easier opening and large hex key recess for additional leverage when tightening. The head and body also have a narrow profile necessary for work in tight and confined spaces.

Unique Tooth Design

Angled teeth provide more torque with less effort

Improved Jaw Adjuster Knob

Deep-rib knurl pattern is easier to grip and turn

Cushioned Release Lever

Plastisol-dipped lever is more comfortable to use

Integral Wire Cutter

Featured on curved jaw and long nose styles

Hex Key Recess In Adjuster Knob

Hex key can be used for tightening or loosening
