

CRESCENT

Screw Biter™ Impact Screwdrivers

Crescent's impact screwdrivers deliver the power of an impact driver with the convenience of a screwdriver.

SCREW BITER™ IMPACT SCREWDRIVERS

Break loose the toughest screws.

Crescent's Screw Biter™ impact screwdrivers offer the convenience of a standard screwdriver with the extraction abilities of a dedicated impact driver. Hardened tips bite deep into screw heads with 12 degrees of powerful torque when the steel end cap is hit, loosening even the most frozen or damaged screws. Their high-performance steel handle end cap transfers impact shock to an internal mechanism that rotates the heat-treated alloy steel shaft 12 degrees when struck.
