

CRESCENT

Steel Construction Long Tapes

Our Steel Construction Long Tapes deliver on accuracy, durability, and compact size

STEEL CONSTRUCTION LONG TAPES

The Durable Accuracy of Steel.

Our redesigned Steel Construction Long Tapes deliver on the attributes surveyors, engineers, and construction professionals are looking for: accuracy, durability, and compact size. They also have the performance features like an extra-wide two-way end hook and a 3:1 gear ratio rapid-rewind hub with a handle purpose-built to prevent scraped knuckles. If you're looking for a great steel long tape, Crescent has one made just for you.

Anti-Knuckle Busting Handle

Ergonomic crank arm with a built-in stop allows crank to travel above users fingers during retraction

ST100-07

3:1 Rotating Hub

Fast rewind gear ratio with a seated handle protects the crank assembly during storage

Extra Wide, Dual Sided End Hook

Wide end hook increases surface area for best grip; dual prong system folds up or down allowing user to utilize both sides of the blade

Rugged Overmold Case

Full overmold surround for drop protection. Built-in tether point for working at height

Cat. No.	Description	UPC	Shelf Pack Code	Package Dimensions	Product Weight	Shelf Pack Qty.
