

CRESCENT

Wrecking and Pry Bars

PRY YOURSELF OUT OF ANY SITUATION

Tackle your next renovation or demolition project with the latest innovations from Crescent. Our tools are designed around powerful innovations that allow users to attack projects from the best angle, adjust the tool to fit the task at hand, and get the job done faster and easier than before. This series offers a wide array of demolition and renovation tools. All Crescent pry bars feature precision-ground edges that make it easier to access tight spaces and help minimize damage to finished areas, as well as a crow bar end with a nail puller slot for standard crow bar use. Built for durability and performance, these tools provide the strength, control, and reliability needed for demanding jobs.

Indexing Pry Bar

The Indexing Pry Bar features a 90-degree flat head for better access and wider support when prying against surfaces. The head adjusts over 180 degrees and locks into 15 different positions for unparalleled access and utility. Designed to reach between studs, joist, and other tight work spaces, this indexing nail puller will help you get the job done every time!

15 POSITION HEAD

Raised Striking Surface

Allows for striking to loosen and penetrate nails or boards

Dual Material Grip

Provides comfort, control, and safety while applying force

DB18X-06

Indexing Head

Head indexes over 180° and locks in 15 positions

Wrecking and Pry Bars

Double Ended Nail Puller

Precision ground ends and edges
allow for better access without damaging the surrounding material

Hi-Viz™ corrosion resistant finish
to protect against rust and increase durability

Two sided nail puller
to provide better access and leverage

Rocker style head
for better leverage when pulling or prying nails

Highly durable and heat treated forged steel
Designed to maximize product life with ultimate durability

CNP12

2X
MAXIMUM DURABILITY

Indexing Nail Puller

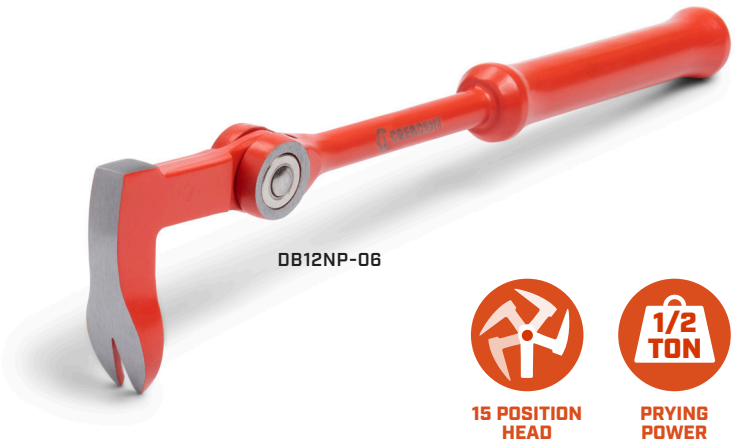

Patented indexing head design for 180 degree positions
locks in 15 positions for better access and leverages up to 1/2 ton prying power

Hi-Viz™ corrosion resistant finish
to protect against rust and increase durability

Raised striking surface for use with a hammer or mallet
to help loosen and penetrate nails or boards

Ergonomic handle
provides comfort while prying

Highly durable and heat treated forged steel
Designed to maximize product life with ultimate durability

DB12NP-06

15 POSITION HEAD

1/2 TON
PRYING POWER

Adjustable Pry Bar

Adjustable jaws and nail puller slides and clamps
onto objects for easier straightening and prying

High leverage design
maximizes prying force for easier lifting, pulling, and positioning

Two raised striking surfaces
for use with a hammer or mallet

Phosphate finish
helps prevent corrosion

Dual material grip
provides comfort, control and safety while applying force

Precision ground edges
allow for better access without damaging the surrounding material

Highly durable and heat treated forged steel
Designed to maximize product life with ultimate durability

DB16-07

ADJUSTABLE JAWS

HIGH LEVERAGE DESIGN

A Full Selection for Professional Users

Crescent pry bars offer patented technology that provides users with the ability to use one pry bar for multiple applications. We offer best in class access and leverage with the Crescent standard for durability.
