

## Top 5 Reasons to Buy Crescent JOBBOX

### 1. Superior Security

- Dual Locking System keeps drawer locked with top open
- Upgraded Site-Vault™ Security System works with multiple padlocks
- 3-Point Locking System shielded by steel plates

### 2. Stronger, Corrosion-Resistant Lids and Bodies

- Lid bolsters resist bending from cargo placed on top of the box and from attempted break-ins
- Heavier gauge steel reinforcement for superior strength
- Textured powder paint resists corrosion, chips, and abrasion

### 3. Designed for Superior Safety

- Commercial gas springs for safer lid opening and closing
- Beveled lid edges add strength and eliminate sharp top corners of lids

### 4. Organized Storage

- Drawer storage – up to 500 lbs capacity
- Deep 10" drawer storage for larger equipment storage
- Built-in side wall storage bins provide extra organization and storage space
- Built-in lid storage in both chests and piano boxes

### 5. Portability

- Four-way fork lift access skid bolsters
- Compatible with casters for easy transportation

## Drop It and Lock It. Secure On-Site Storage Just Got a Whole Lot Easier.

Get easy access and reliable security for your heavy and valuable tools and supplies with Next Generation 2.0 Drawer Storage, available only on Crescent JOBBOX Site-Vault piano boxes and chests. The drawers are ten inches deep and hold up to 500 lbs each. With their massive slides and reinforced construction, they'll last for years on the toughest job sites. A dual lock system keeps drawer contents locked and secure, even if the top of the box is open. For easy and secure on-site storage of heavy, critical, and valuable items, Site-Vault Next Generation 2.0 Drawer Storage is the best solution.

### Site-Vault Series Chests

Site Vault Series Chests feature a chamfered lid design that adds strength and eliminates sharp corners for security and safety. Lids also include deep storage bins with cargo netting to hold contents.

#### Lockable Lid Storage

Keep valuables secure on the job site (2DL-656990 only)

#### Site-Vault™ Security System

The patented system has a full-length steel lock console with three locking points and a reflective orange indicator that shows when the box is locked — PLUS a dual locking feature that allows the drawer to stay locked even if the top is open.

#### Built-In Lid Storage Bins

Cargo nets hold items like first aid kits, rain gear, manuals, and more

#### Lid-Control Gas Spring\*

Helps raise and safely lower lid  
\*48-inch and larger chests only

#### Heavy-Duty Beveled Edge Lid

Eliminates hip spikes on sharp corners and strengthens lid

#### Recessed Handles

Designed to eliminate finger pinching

#### More Padlock Compatibility

Master #1, #5, #175, American 50

#### Drawer Storage

Deep 10" drawers with up to 500 lbs capacity

Trusted by the Trades.
