SHOCKFORCE™ AND SHOCKFORCE NITE EYE™

Introducing the toughest tapes to ever hit a jobsite. Shockforce brings new meaning to the term high performance with a full 14 feet* of standout and the ability to survive a 100-foot drop onto solid concrete. Add in a diamond coated 360-degree end hook that delivers 50% more gripping power, a two-sided blade with vertical markings on the back, and class-leading ergonomics and you have a tape that's destined to be the new standard for trade professionals.

But that's not all. There's also the Shockforce Nite Eye, with all the capabilities of the original Shockforce plus the Nite Eye high visibility green-on-matte black blade. Made for superior legibility in any light condition – from bright sun to dim interiors – Shockforce Nite Eye helps you measure even faster.

Superior Impact Protection

Dual steel guardrails on both sides of the lock button provide superior protection to keep this tape going strong on the toughest jobsites

Working-At-Height Capable

Integrated thru-hole can be used as a tether loop attachment point when working at height or as a pivot for scribing arcs

Durable Nylon Blade Coating

Extruded nylon blade coating provides best-in-class blade protection, extending blade life 5X vs. standard uncoated blades

Time Saving Two-Sided Blades

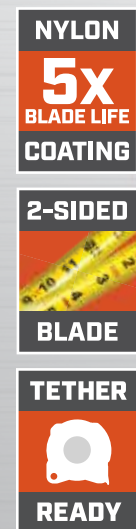

Blades on both Shockforce and Shockforce Nite Eye are two-sided with vertical markings on the back for quicker and easier measuring

High Visibility No-Glare Blade

High-contrast green markings and matte finish provide improved legibility in all light conditions.

360-Degree End Hook

360-degree diamond abrasive-coated end hook grips surfaces better to save time when measuring

Easier Inside Measurements

25-foot tapes have an even 3-inch adder, making inside measurement calculations fast and easy
